This is a very useful and neat little instrument for travellers. When open, the key-board is the usual height; the compass is 3 octaves, but it extends to 4 octaves by means of a stop. There is also a tremblant and 2 other stops, 4 in all. When done with, it will fold up into a handsome rosewood box, 22 inches long, 12 inches high, and 10 inches wide; it has 2 blowers for the feet. In fact, it is the most perfect portable Harmonium ever invented. Price, 7 and 8 guineas, tutor and case included.

My dear Sir,—I have had your name printed on the covers of my books of words. I have mentioned your name at all my concerts, when giving a description of modern instruments; I have also told the audience of your beautiful invention, and that I consider you one of the greatest benefactors to the musical public of modern times, for you not only supply a superior class of instrument, but you sell them at people's prices. You may rely upon it I will promote your interest all I possibly can.

Believe me, my dear Sir, yours respectfully,

HENRY LESLIE.

Price of instrument, 4 guineas, 4½ guineas, and 5 guineas; with extra extended scale, very superior, 6 guineas. Price of stand, 30s. and 36s.

HARMONIUM NOTES & KEYS for persons wishing to manufacture an Harmonium. The Notes are made in unison with either the 4, 8, or 16 feet organ pipes. Either of these sizes may be had at 22s., 26s., or 30s., the set of 5 octaves, according to the quality; but, like most things, the best is the most satisfactory, and cheapest in the end, because they do not get out of tune, are very superior in power and quality of tone, and will vibrate with the least possible weight of wind. 5 octaves of keys on a frame, 30s., 32s., 34s., 36s., 38s., or 40s., according to the thickness and quality of the ivory. All the above are of good and superior quality, but both notes and keys may be had considerably lower if required.

Pianoforte Wire and Gut Strings of all kinds, superior quality.
